

Tri-State
Federal Relations Committee

2003-04 Goals

1. Capitol Hill Fall Visit: establish a one-day event in mid September to follow visits we made last March. This will offer an opportunity to express our concerns regarding any pending legislation at the meetings.
2. Spring Hill Symposium: will follow a similar format as the March Symposium but will also include offering 10 spots to Bill Irwin and the EASFAA Federal Relations Committee for their participation.
3. Track current and future legislation and make recommendations to the Tri-State Board regarding actions that the members could take.
4. Track the Re-Authorization process now under way and report progress to the Tri-State members.
5. Continue “monthly” conference calls to discuss pending legislative issues and formulate suggested responses. The following “hot issues” will be closely monitored:

Return of Title IV Funds
Loan Consolidation and Loan Limits
School Accountability

6. Provide seminars regarding legislative issues at Neophyte and Fall/Spring Conferences as requested by the Conference Committee.

Respectfully submitted,

Beth and Rich
Co-Chairs, Tri-State FRC
